

Donell from Waterford, Michigan

“My mother had fallen and had difficulty getting back up. Because Guardian Medical Monitoring assessed the situation correctly, they were able to contact me instead of the Paramedics. I assisted my mother immediately and she was fine. I also avoided a false alarm charge. Thank you Guardian.”

Rebecca from Indianapolis, IN

“Called in to give a special thank you to Renae K. and the entire Guardian Monitoring staff. She needed help on 3/20/10 and stated that Renae was so caring and wonderful. She said she stayed on the two way until help arrived and reassured her that she was there for her. Rebecca said all operators here are so wonderful and well trained and we couldn't have a better or more caring staff. Great work Renae and the rest of the Guardian Medical Monitoring Team.

Elizabeth from N. Satellite Beach, FL

“Both my mother and I compliment Guardian Medical Monitoring for having wonderful people working for them. We're certain that we're dealing with the best monitoring company out there. Your installer was the most patient person we've ever had the pleasure of meeting. He was very information and made sure that we completely understood al featured and was comfortable in operating the devise.”

Roy from Okeechobee, FL

“I recently pressed my medical unit. I had fallen outside and was very glad that Guardian called the EMS because I was hurt and could not get up. I was happy to know that the unit would work that far away and I am very grateful. You Customer Service rep did a great job in responding to me.”
